Re: Request for Extension/Glacier's Response to Supplemental Request for Information
Pursuant to Section 104(e) of CERCLA, for the Lower Duwamish Waterway Superfund Site,
Seattle, Washington

Dear Mr. Lambert:

We are assisting Glacier Northwest, Inc. in responding to EPA's 104(e) request, dated August 12, 2011. Due to the number of documents being collected and the need to index them as part of the response, we respectfully request a 30-day extension to respond. Based on our calculations, the new due date would be Monday, November 14, 2011. If it would be easier, please feel free to contact me via email at john.bjorkman@klgates.com.

Thank you for your consideration.

Very truly yours,

K&L GATES LLP
